---

³ If not already complied with within the time limit applicable under PCT Article 22 or 39(1), the Office will invite the applicant to comply with the requirement within a time limit fixed in the invitation.

⁴ This requirement may be satisfied if the corresponding declaration has been made in accordance with PCT Rule 4.17.
THE PROPROCEDURE IN THE NATIONAL PHASE

IN.01 FORMS FOR ENTERING THE NATIONAL PHASE. The Office has a form (Form 1 – see Annex IN.II) for providing details of an international application entering the national phase. This form should preferably be used. PCT applicants are not, in accordance with Article 22, required, at this stage, to furnish all the items set out in Box 10 of the form, namely the statement of undertaking nor any priority document or translations thereof.

IN.02 TRANSLATION (VERIFICATION). The required verification of the translation of the international application and of any other document, which was not either filed or published in English, consists of a simple statement by the applicant, or the person duly authorized by the applicant, to the effect that the translation is correct and complete.

IN.03 TRANSLATION (CORRECTION). Errors in the translation of the international application can be corrected with reference to the text of the international application as filed (see National Phase, paragraphs 6.002 and 6.003). A request for correction or amendment must be made on Form 13 (see Annex IN.XII) together with the payment of the prescribed fee.

IN.04 FEES (MANNER OF PAYMENT). The manner of payment of the fees indicated in the Summary and in this Chapter is outlined in Annex IN.I.

IN.05 CLAIMS FEE. The claims fee is calculated on the basis of the number of claims contained in the international application at the time of national phase entry including, where amendments have been filed during the international phase, the claims as amended under PCT Article 19 or 34(2). Where the applicant fails to pay the correct amount of the claims fee within the prescribed time limit, the application will be deemed not to have been filed under Section 142(3) of the Patents Act, 1970 (for the amount of the claims fee see Annex IN.I).

IN.06 RENEWAL FEES. After a patent has been granted, renewal fees must be paid for maintaining the patent in force. The renewal fees indicated in Annex IN.I shall be payable to the office at the expiry of the second year from the date of the patent. Further renewal fees are due before the expiry of each succeeding year. If the renewal fee is not paid within the prescribed time limit, the patent will cease to have effect. However, a patent may be restored provided that an application for restoration is made on Form 15 (see Annex IN.XIV) within 18 months from the date of cessation (see paragraph IN.15). Where the patent is granted later than two years after filing, the fees which have become due must be paid within three months of grant (extendable up to an additional six months using Form 4 (see Annex IN.V)). Thereafter every renewal fee becomes due before the anniversary of the granted patent. A request for renewal of a patent must be made on plain paper accompanied by the prescribed fee (see Annex IN.I).

IN.07 REPRESENTATION. An applicant, irrespective of whether or not he is a national of or a resident in India, is not required to be represented by an agent, but he is required to have an address for service (for notices and other communications) in India. If an agent is appointed to represent the applicant, a written authorization should be filed on Form 26 (see Annex IN.XIX) or a power of attorney should be submitted.

IN.08 STATEMENT CONCERNING CORRESPONDING APPLICATIONS IN OTHER COUNTRIES. The applicant must file within six months from the date of entry into the national phase, a statement concerning any corresponding applications filed in other countries. The statement must be made on Form 3 (see Annex IN.IV) which includes an undertaking that the applicant will update the statement. No fee is required.
IN.09 AMENDMENT OF THE APPLICATION; TIME LIMITS. The applicant may, at any time before the patent is granted, make amendments to his application during the national phase provided that these do not exceed the scope of the application as originally filed. The applicant may amend the patent application or the complete specification or any document related thereto, at the discretion of the Controller, by filing a formal request on Form 13 (see Annex IN.XII) and paying the prescribed fees (see Annex IN.I). It should be noted that amendments may only be requested during the national phase proceedings and not before or at the time of national phase entry. An application for amendments may also be filed after the grant of patent. However, such amendments can only be filed by way of disclaimer, correction or explanation as prescribed under Section 59 of the Patents Act. Where an amendment is made after the grant of patent, any interested person may oppose the amendment of the patent application by filing a notice of opposition on Form 14 (see Annex IN.XIII) within three months from publication of the amended application in the Official Journal of the Indian Patent Office.

IN.10 PUBLICATION OF APPLICATION. All applications for patents are published and open to the public after the expiry of 18 months from the priority date except for applications which are provisional or withdrawn or have secrecy provisions under the Act.

IN.11 PRE-GRANT OPPOSITION. Any person may, at any time after the publication of the application but before the grant of the patent, file an opposition to the grant of the patent on Form 7(A) (see Annex IN.VIII) with the Controller with a copy to the applicant. A statement in support of the opposition should also be filed, together with evidence, if any, and a request for a hearing, if so desired.

IN.12 REQUEST FOR EXAMINATION. A patent application shall not be examined unless the applicant or any other interested person makes a request for such examination in the prescribed manner within 48 months from the date of priority of the application (if applicable) or from the date of filing of the patent application, whichever is earlier. Such a request must be made on Form 18 (see Annex IN.XVI).

IN.13 REQUEST FOR EXPEDITED EXAMINATION. An applicant may file a request for expedited examination on Form 18A (see Annex IN.XVII) and pay the fee indicated in Annex IN.I. The request must be filed by electronic means within the period prescribed in Rule 24B. A request for expedited examination can only be filed where:

- the Office has been specified as the competent International Searching Authority or International Preliminary Examination Authority in the corresponding international application, or
- the applicant is a startup, or
- the applicant is a small entity, or
- if the applicant is a natural person or in the case of joint applicants, all the applicants are natural persons, then the applicant or at least one of the applicants is a female, or
- the applicant is a department of the Government, or
- the applicant is an institution established by a Central, Provincial or State Act, which is owned or controlled by the Government, or
- the applicant is a Government company as defined in clause (45) of section 2 of the Companies Act, 2013 (18 of 2013), or
- the applicant is an institution wholly or substantially financed by the Government, or
- the application pertains to a sector which is notified by the Central Government on the basis of a request from the head of a department of the Central Government, or
- the applicant is eligible under an arrangement for processing a patent application pursuant to an agreement between the Indian Patent Office and a foreign Patent Office.
A request for examination may be converted into a request for expedited examination, subject to the furnishing of the required documents and the payment of a balance fee (see Annex IN.I). The request to convert the request for examination into a request for expedited examination must be accompanied by a request for publication under Rule 24A, except where the application has been published or where a request for publication under Rule 24A has already been filed.

**IN.14 REQUEST FOR WITHDRAWAL OF APPLICATION.** An applicant may file a request for withdrawal of the application under paragraph 4(i) of Section 11B and Rule 26 on Form 29 (see Annex IN.XXI). If the application is withdrawn after the filing of a request for examination but before the issuance of the first statement of objection, the fee may be refunded under Rule 7(4A) as indicated in Annex IN.I.

**IN.15 PERIOD FOR RESPONDING TO A STATEMENT OF OBJECTIONS.** A statement of objections will be issued by the Controller in respect of applications that fail to comply with the requirements of the Patents Act. An application will be considered as abandoned unless the applicant complies with all the requirements of the Patents Act and the rules made thereunder within six months from the date on which a first statement of objection is issued. The time for putting an application in order for grant may be further extended for a period of 3 months on a request for extension made on Form 4 (see Annex IN.V) along with the payment of the prescribed fee as indicated in Annex IN.I.

**IN.16 POST-GRANT OPPOSITION.** At any time after the grant of the patent but before the expiry of a period of one year from the date of publication of the grant of the patent, any person may file a notice of opposition on Form 7 (see Annex IN.IX).

**IN.17 REVIEW UNDER ARTICLE 25 OF THE PCT.** The applicable procedure is outlined in paragraphs 6.018 to 6.021 of the National Phase.

**IN.18 EXCUSE OF DELAYS IN MEETING TIME LIMITS.** Reference is made to paragraphs 6.022 to 6.027 of the National Phase.

**IN.19** Where, during the national phase, the applicant wishes to extend a time limit for performing certain acts relating to the patent application, such as:

- filing of a statement and undertaking regarding foreign applications (Form 3 – see Annex IN.IV)
- filing of a declaration of inventorship (to be made using Form 5 – see Annex IN.VI)
- filing of a request for renewal of a patent (Rule 80(1A))
- filing a petition to review an order of the Controller under Section 77(1)(f)
- payment of accumulated renewal fees under Section 142(4) after the grant of the patent

he should furnish Form 4 (see Annex IN.V) before the expiry of the time limit together with payment of the prescribed fee. The time limit may then be extended if the Controller thinks fit and so directs.

The Controller has the power to extend the time limit up to one month beyond that prescribed in the patent rules provided that the fee for such request is paid in advance (Rule 138). It should be noted that the extended time limit does not apply to the filing of a national phase application (Rule 20(4)(ii)), of a translation of amended claims (Rule 20(6)), of a priority document (Rule 21), of a request for examination (Section 24B(1), the time limit for putting the application in order for grant under Rule 24B(5) and (6) and 24C(10) and 11, the applicant's statement and evidence in the opposition proceedings (Rule 55(4)), the payment of renewal fees (Rule 80(1A)) and the time limit for filing an application for review of a decision or setting aside of orders of the Controller (Rule 130(1) and (2)).
The Controller may also excuse the delay in transmitting or resubmitting a document to the Office or performing any act by a party, if a petition to excuse such a delay is made by the party to the Controller along with a statement regarding the circumstances of the delay and evidence in support of the statement. The evidence must, to the satisfaction of the Controller, show that the delay was due to war, revolution, civil disorder, strike, natural calamity, a general unavailability of electronic communication services or other like reason in the locality where the party resides or has his place of business, and that such situation was of such severity that it disrupted the normal communication in that area and that the relevant action was taken as soon as reasonably possible but not later than one month from the date when such situation had ceased to exist. The maximum delay shall not exceed six months from the expiry of the prescribed period, whichever is earlier.

**IN.20  RESTORATION OF A LAPSED PATENT.** Where a patent has lapsed by reason of failure to pay any renewal fee, the patentee or his representative may, within 18 months from the date on which the patent ceased to have effect, make a request for restoration of the patent using Form 15 (see Annex IN.XIV). If the Controller is satisfied that the failure to pay the renewal fee was unintentional and that there has been no undue delay in the making of the request for restoration, he will publish the request for restoration in the prescribed manner, and within the prescribed period. Any interested person may oppose the restoration of the patent by filing an opposition on Form 14 (see Annex IN.XIII). The Controller shall publish his decision concerning restoration of a lapsed patent.

**IN.21  APPEAL.** Applicants may appeal to the Appellate Board against any decision, order or direction of the Controller as provided for in the Patents Act Section 117A(2). Appeals shall be made in writing and submitted within three months from the date of the decision, order or direction of the Controller, or within such further time limit as the Appellate Board may allow.

**IN.22  NUCLEOTIDE AND AMINO ACID SEQUENCES.** Where the international application contains disclosure of one or more nucleotide and/or amino acid sequences, the applicant must furnish a sequence listing in electronic form. No paper copy of the sequence listing is required.

### How can payment of fees be effected?

The payment of fees must be effected in Indian rupees. All payments must be made together with the filing of the form related to the fee to be paid, and indicate the application number (national, if already known; international, if the national number is not yet known), the name of the applicant and type of fee being paid.

Payments may be made by one of the following means: cash, banker’s cheque, electronic means or by bank draft payable to the Controller of Patents at any accepted bank in India where the Office namely, Chennai, Delhi, Kolkata or Mumbai is situated.
