ICC appreciates WIPO's organization of this meeting of the Standing Committee on the Law of Patents and highlights the particular importance that the discussions taking place in this standing committee have gained in a context of acceleration of the digital transformation of the global economy and its impact on patent issues, in addition to the central role that innovation is taking in the post-pandemic recovery and uncertain international context.

Statement submitted by ICC

Agenda Item No. 7

Confidentiality of communications between clients and their patent advisors

ICC reiterates its position, as stated at earlier SCP meetings, that confidentiality between clients and their patent advisors is a very important cross-border issue in the field of patents. This is clearly laid out in the AIPPI and FICPI presentations at SCP/31.

ICC wishes to stress the importance of further work on the topic in this Committee, including through these sharing sessions.
