

Appendix

F&F	Application No. 2007724056	Designations which do not have distinguishing capacity, as they constitute individual letters which do not have a typical graphical representation.
X+X	Application No. 2008717217	
WLD	Application No. 2008725852	Designations which do not have distinguishing capacity, as they constitute combinations of letters which are not of a verbal nature.
SNGS	Application No. 2008724920	

	Application No. 2007733591	A designation which constitutes an image of a combination of pipes, that does not have distinguishing capacity, as they constitute a realistic image of a good for which registration is claimed as a trademark to designate this good.
	Application No. 2007729551	A designation which constitutes an image of a volumetric component of sanitation technology – a ball valve that does not possess distinguishing capacity, as it constitutes a realistic image of a good for which registration is claimed as a trademark to designate this good.

INDEX	Application No. 2007709108	<p>Generally accepted term.</p> <p>The designation "INDEX", owing to its semantic meaning ("index" means a relative indicator of growth or reduction in aggregated economic parameters. Indexes are used for the statistical study of the state and movement of the economy) in relation to the services of classes 35 or 36, is a term typically used in the field of economics and financial activity.</p> <p>Thus, the claimed designation does not have distinguishing capacity, as a result of which it cannot be registered as a service mark for services of classes 35 and 36.</p>

	<p>Application No. 2008716123</p>	
<p>JOHN VARVATOS ★ U.S.A.</p>	<p>Application No. 2008711644</p>	<p><i>Designations including elements characterizing goods (services), including those indicating their type, quality, characteristic, purpose, and also the place and method of their production or sale, and the generic name of the firm.</i></p>
	<p>Application No. 2007722948</p>	

 <p>Friends of Israel Sci-Tech Schools</p>	<p>Application No. 2008718862</p>	
	<p>Application No. 2008723874</p>	<p>Inclusion in a trademark of State symbols is possible with the consent of the appropriate competent authority.</p>
	<p>Application No.</p>	<p>The claimed designation includes a figurative</p>

	2008715188	element which coincides with the official emblem of the International Committee of the Red Cross (ICRC). Registration as a trademark is not possible without the consent of the ICRC.
---	------------	---

<p>SLURRY</p>	<p>Application No. 2007737072</p>	<p>The verbal element "slurry", translated from English, means "liquid clay, liquid clay mortar, cement or concrete, liquid concrete, liquid cement, liquid cement mortar, cement mortar, grout, sludge, clay mortar or clay suspension". Thus, the verbal element "slurry" indicates the type and features of goods. For goods not covered by the above definition or which do not possess the indicated features, such a designation may mislead a consumer regarding the type and features of goods.</p>
<p>«MAIS»</p>	<p>Application No. 2007719875</p>	<p>"MAIS" - corn, maize. The verbal element "MAIS" indicates the type and composition of goods. For goods not covered by the above definition or which do not possess the indicated features, such a designation may mislead a consumer regarding a good.</p>

	<p>Application No. 2008718369</p>	<p>A figurative element according to Application No. 2008718369 is similar to the point of confusion to trademark certificate No. 252278:</p> 
<p>PAROXINOR ПАРОКСИНОР</p>	<p>Application No. 2008717249</p>	<p>The designation "PAROXINOR", "ПАРОКСИНОР", claimed in relation to goods of class 05, is similar to the point of confusion to the trademark "PRAXINOR" (international registration No. 634549)</p>

	<p>Application No. 2007736665</p>	<p>The designation “ZAIGER” is similar to the point of confusion to the trademark “ZEIGER” (international registration No. 967782)</p>
	<p>Application No. 2008726457</p>	<p>The designation “BIAMAX” is similar to the point of confusion to the trademarks “BIMAX”, “БИМАКС” (trademark certificates Nos. 237958, 297527, 311099, 311100)</p>
	<p>Application No. 2007726806</p>	<p>The designation “EUROFAN” is similar to the point of confusion to the trademark “Europhane” (international registration No. 440306)</p>
