EXAMPLES AND KINDS OF PATENT DOCUMENTS LISTED ACCORDING TO CODE  
(Patent documents previously and currently published or intended to be published)

- [Examples and kinds of patent documents listed according to code](#)  
(Part 7.3.1)
- [Inventory of kinds of patent documents listed according to the issuing industrial property office](#) (Part 7.3.2)

Part 7.3.1 contains a list of examples of patent documents published by industrial property offices grouped according to their ST.16 kind-of-document codes.

Part 7.3.2 contains an inventory of different kinds of patent documents ordered by the issuing industrial property office. ST.16 codes are provided for the listed documents along with information about the applicable patent legislation, publication details, specific application of the code and samples of first pages.

For further information concerning letter and numerical codes used for the identification of different kinds of patent documents, please refer to WIPO Standard [ST.16](#).
