## 2. Questions page

1. Please explain any other conditions or requirements for access to patent information besides those covered in Part 1 questions 3 (access mechanism) and 4 (who may access), such as limits on the number of queries, number of results, or data limits.

No hay condiciones ni limitaciones para realizar las consultas, la información es de acceso público.

2.

### Are fees required for access to particular types of information?

NO

If yes, please indicate for which information and explain the access procedure (e.g. how to create an account, what forms of payment are accepted, etc.).

No aplica.

**Comments:** No aplica.

3. If your office uses multiple languages, are the online interfaces for different languages synchronized with the same capabilities and the same data, or do some interfaces have different capabilities or data than others?

Please indicate the reference language(s).

Spanish

**Comments:** La información solo se encuentra en idioma español.

4. Please indicate any differences in the data available in other languages (for example, in the frequency of updates, coverage, search tools, etc.).

	Differences for Language

**Comments:**

#### 5. Are documents available for download in a searchable text format?

Examples of searchable text formats include plain text documents, HTML, XML, and certain PDFs that are created with readable text. If a PDF was created from a scanned image with OCR (optical character recognition) applied, then select "PARTIAL" as text may not always be converted correctly.

This question refers only to the content of the document which can be represented as text. Do not consider images or figures in your answer. If a document has both images and text, answer "Yes" if all the text elements are searchable.

	YES	NO	PARTIAL (some text elements not searchable)
Published applications			X
Granted patents			X
Amendments, corrections, or other documents with updates			X
File history			X

**Comments:**

#### 6.

**Are updated versions of patent documents available online when changes are made after publication (e.g. "as granted" rather than "as filed")?**

YES

If yes, please explain how updated documents are presented in search results (e.g. with updated kind codes according to WIPO ST.50).

**7. Which parts of patent documents are updated online after publication? Mark all that apply.**

Other (Specify in comments)

**Comments:** La parte conducente que se haya modificado a petición del titular.

**8. Is the event history (list of relevant legal status information) for a given document available in online systems?**

	YES	NO	PARTIAL
Pre-grant events			X
Post-grant events			X

**Comments:** Solamente cuando los expedientes son públicos.

**9. What are your current plans, if any, for using WIPO Standard ST.27 for patent legal status information? Check all that apply.**

We are not planning to implement ST.27 at this time, because-

We find it difficult to comply with the technical requirements of ST.27

**Comments:**

**10. Does your Office / Organization provide an authority file of published patent documents?**

YES, we currently provide an authority file but it is not accessible through the WIPO Authority File portal

**Comments:**

**11. If you do not provide an authority file to WIPO according to the recommendations of ST.37, can you indicate the reasons below? Check all that apply.**

We already provide a list of all published patent documents on our website in other format(s). Please provide the url in Comments.

**Comments:**

**12. Are the following features available in the online systems provided by your Office?**

See glossary above for definitions of search types.

**To (translated output languages)**

**Comments:** La información solo se encuentra en idioma español.

**15. Which patent information is translated?**

**Comments:** La información solo se encuentra en idioma español.

**16. Does your system provide guidance on what types of number formats are accepted when searching by application or publication numbers?**

Our system provides guidance on the search page

**Comments:**

**17. What types of number formats are accepted when searching by application or publication numbers? Please check all that apply.**

Numbers containing a code for the type of industrial property right, a year designation and a serial number, as recommended by ST.13

Numbers starting with an ST.3 code identifying the office, as recommended by ST.13

Numbers with separators between different parts of the number, such as slash (/) hyphen (-) or space ( )

Number issued by another Office, such as a PCT application number that entered the national phase

**Comments:**

**18. Are WIPO ST.3 two-letter codes or WIPO ST.16 document kind codes used as part of the search term when searching by application or publication number?**

	required	optional	not accepted
ST.3 Office codes are	X		
ST.16 document codes are	X		

**Comments:**

**19. What kind of interface do users have to access your online systems for the available types of patent documents? For example, for published patent applications, granted patents, patent term extensions, fee payments.**

There are multiple web pages or portals for different types of information, and-  
The web pages or portals all share the same visual design (look and feel, layout, colors, graphical elements, etc)  
The web pages or portals all share the same user controls (input boxes, buttons, clickable elements, etc)  
The web pages or portals all share the same input formats (e.g. query flags, number formats, data formats, etc)

**Comments:** Gaceta de la Propiedad Industrial, Visor de Documentos, Buscadores de patentes  
(<https://patmedsp.impi.gob.mx/Paginas/Inicio.aspx>)

**20. Do your online systems use the same web pages or portals for different types of industrial property rights provided by your Office? For example, patents for inventions, plant patents, design patents, inventors' certificates, utility certificates, utility models, patents of addition and others. Answer yes here even if there are multiple web pages or portals for different types of documents (application, legal status history, assignments, etc), as long as each type of IP right is available on the same web page or portal.**

**Note-** this question is about different types of IP rights. Question 17 is about different types of patent documents.

YES

**Comments:** El IMPI tiene en su portal web todos los tipos de derechos de propiedad industrial mencionados. Es importante mencionar que el Servicio Nacional de Inspección y Certificación de Semillas (SNICS) es la institución encargada de las variedades vegetales y los derechos de obtentor.

**21. If there are separate websites or portals for these other types of industrial property provided by your Office, please list them.**

No aplica.

**22. Do your online systems contain information on documents issued under international or regional IP protection systems, which have (potential) effect in your jurisdiction?**

YES

**Comments:**

**23. If so, what types of documents are available, e.g. PCT documents or translations?**

Documentos PCT, así como documentos de prioridad.

**24. Is international or regional data searchable in the same online systems as national documentation?**

Yes, international / regional data is available and searchable

**Comments:** Los sistemas en línea permiten redireccionar a las páginas web donde se encuentra la información (ejemplo: PATENTSCOPE).

**25. What functionality would you like to see in the systems provided by other Offices?**

	For full descriptions	For legal status
Possibility to translate content into other languages	X	X
Search by bibliographic data fields	X	X
Full text search	X	X
Possibility to download documents in various formats	X	X
Alerting to data updates	X	X
