Resolution

Considering that the receipts of the Madrid Arrangement consist of payments by the depositors of the Member States;

Considering that the excess of receipts over expenses is shared out among the States Members;

Considering that the States Members of the Madrid Arrangement are also Members of the Paris Union and that in this capacity they are called upon to finance the expenses inherent in the preparation of international meetings dealing with that Union;

Considering that they should not be obliged to finance them a second time as Members of the Arrangement of Madrid, nor to finance the expenses of the Berne Union;

Considering that it was decided in 1953 to establish by appropriate means:

1. the creation of a Management Fund for marks;
2. the amortization of the technical deficit of the pension fund and the creation of a balanced pension system;
3. the establishment of a building fund which would permit the installation of the services in more favourable conditions;
