In the course of 2021, WIPO for Creators implemented its 2021 Workplan and achieved the following main outcomes:

1. Recruitment campaign

The WIPO Secretariat launched a recruitment campaign in the spring of 2021 in order to solicit potential sponsors, members and friends to join the Consortium. This led 12 key creative sector international organizations to join as members and participate on the WIPO for Creators Advisory Board, namely the International Confederation of Societies of Authors and Composers, (CISAC), Digital Media Association (DiMA), Ibero-Latin-American Federation of Performers (FILAIE), International Federation of Musicians (FIM), International Authors Forum (IAF), International Confederation of Music Publishers (ICMP), International Publishers Association (IPA), International Federation of the Phonographic Industry (IFPI), International Federation of Reproduction Rights (IFRRO), Independent Music Publishers International Forum (IMPF), Society of Audiovisual Authors (SAA), Society for Collective Administration of Performer’s Rights (SCAPR).

WIPO for Creators welcomed its first set of funding and in kind sponsors. These include DDEX¹, Universal Music Group² and the UK IPO³. Additionally, BEST Rechtsanwälte, a law firm based in Germany, and SoundCloud joined as a contributing sponsors. Regular members were also welcomed, namely The Ivors Academy and the European Visual Arts (EVA).

A series of promotional resources were created and all have been uploaded to the WIPO for Creators website. These include a series of interviews (Testimonials) of a select number of WIPO for Creators main partners, and a short Creators Platform animated explainer video.

In order to ensure global reach of WIPO for Creators, research was carried out to identify strategic partners, especially Foundations and other entities likely to fund the consortium.

2. Creators Platform

In February 2021, WIPO for Creators finalized the first Creators Platform Business Plan and a dedicated WIPO for Creators webpage.

In October 2021, WIPO for Creators published the tender for the Creators Platform, seeking to recruit a Project Management Team and a Content Delivery Team to develop the rights awareness platform that will support creators worldwide across many different creative fields, starting with music. The tender closed on November 15, 2021, and up to December 31, 2021 was at the evaluation phase.

The GC decided not to enlarge its composition in 2021 but to consider doing so in 2022 in accordance with Section III.A.b.iii of the WIPO for Creators Charter.

4. **Advisory Board and Annual Meeting**

The first WIPO for Creators Advisory Board meeting was held on September 7, 2021, with the participation of WIPO Director General, Daren Tang and MRAF co-Founder Bjorn Ulveaus. A second Advisory Board meeting was held on November 23, 2021.

A short first WIPO for Creators Annual Meeting was held on November 23, 2021, with the participation of all WIPO for Creators Advisory Board members as well as sponsors and members representatives in attendance.

5. **Business Plan and Fund-in-Trust**

In light of the status of the recruitment campaign referred to under item 1 above and the Creators Platform Business Plan referred to under item 2 above, the Governance Committee, as advised by the Controller of WIPO, decided to postpone the commissioning of a more comprehensive business plan. The WIPO for Creators Fund-in-Trust, administered by WIPO pursuant to its Financial Regulations and Rules, totalized income in the amount of CHF78,367.17 in 2021, as per attached Annex. The Governance Committee decided not to use any of the received funds in 2021 and to instead carry them over to 2022 in order to fund the development of the Creators Platform.
