- 1/00 Registering, indicating, or recording the time of events or elapsed time, e.g. time-recorders for work people** (registering or indicating the working of machines or vehicles G07C 3/00, G07C 5/00)

**Note**

Groups G07C 1/20 to G07C 1/32 take precedence over groups G07C 1/02 to G07C 1/10.

- 1/02 . . . not involving the registering, indicating, or recording of other data
- 1/04 . . . wherein the time is indicated in figures
- 1/06 . . . . with apparatus adapted for use with individual cards
- 1/08 . . . wherein the time is indicated by marking an element, e.g. a card or tape, in a position determined by the time
- 1/10 . . . together with the recording, indicating, or registering of other data, e.g. of signs of identity (together with the recording of a continuously-varying variable G01D or the appropriate other subclass of class G01, dependent on the variable)
- 1/12 . . . wherein the time is indicated in figures
- 1/14 . . . . with apparatus adapted for use with individual cards
- 1/16 . . . wherein the time is indicated by marking an element, e.g. a card or tape, in a position determined by the time
- 1/18 . . . . with apparatus adapted for use with individual cards
- 1/20 . . . Checking timed patrols, e.g. of watchman
- 1/22 . . . in connection with sports or games
- 1/24 . . . Race time-recorders (race-finish cameras G03B 41/00)
- 1/26 . . . Pigeon-timing or like equipment
- 1/28 . . . Indicating playing time
- 1/30 . . . Parking meters (registering or indicating waiting time of vehicles by means driven by the vehicle G07C 5/02; coin-freed parking meters G07F 17/24)
- 1/32 . . . Time-recording locks (locks giving indication of unauthorised unlocking E05B 39/00)
- 3/00 Registering or indicating the condition or the working of machines or other apparatus, other than vehicles** (engine indicators G01L; testing apparatus incident to its manufacture G01M; signalling arrangements *per se*, indicating undesired or abnormal working conditions G08B)
- 3/02 . . . Registering or indicating working or idle time only

- 3/04 . . . using counting means or digital clocks
- 3/06 . . . in graphical form
- 3/08 . . . Registering or indicating the production of the machine either with or without registering working or idle time
- 3/10 . . . using counting means
- 3/12 . . . in graphical form
- 3/14 . . . Quality control systems

- 5/00 Registering or indicating the working of vehicles** (for measuring distance travelled or combinations of speed and distance G01C; engine indicators G01L; devices for measuring speed or acceleration G01P; apparatus forming part of taximeters G07B)

- 5/02 . . . Registering or indicating driving, working, idle, or waiting time only
- 5/04 . . . using counting means or digital clocks
- 5/06 . . . in graphical form
- 5/08 . . . Registering or indicating performance data other than driving, working, idle, or waiting time, with or without registering driving, working, idle, or waiting time
- 5/10 . . . using counting means or digital clocks
- 5/12 . . . in graphical form

- 7/00 Details or accessories common to the registering or indicating apparatus of groups G07C 3/00 and G07C 5/00**

- 9/00 Individual entry or exit registers**

- 9/02 . . . Turnstiles with registering means (coin-freed aspects G07F)

- 11/00 Arrangements, systems, or apparatus for checking, e.g. the occurrence of a condition, not provided for elsewhere** (for checking lotto or bingo games A63F 3/06; signalling or alarm arrangements G08B)

- 13/00 Voting apparatus**

- 13/02 . . . Ballot boxes

- 15/00 Generating random numbers; Lottery apparatus** (digital computer arrangements for generating random or pseudo-random numbers G06F 7/58; generating electric pulses at random intervals H03K 3/84) [3]

## G07D SORTING, TESTING, CHANGING, DELIVERING, OR OTHERWISE HANDLING COINS; TESTING OR CHANGING PAPER CURRENCY; TESTING SECURITIES, BONDS, OR SIMILAR VALUABLE PAPERS (sorting in general B07C) [2]

**Note**

In this subclass, the following term is used with the meaning indicated:

- “coins” covers also tokens or the like.

- 1/00 Coin deliverers**
- 1/02 . . . giving change (coin-actuated mechanisms in general G07F)
- 1/04 . . . dispensing change equal to a sum deposited

- 1/06 . . . dispensing the difference between a sum paid and a sum charged
- 1/08 . . . hand actuated

|             |                                                                                                                                                                                                                                                     |              |                                                                                                                                                                                                                                                          |

| <b>3/00</b> | <b>Apparatus separating a mixed bulk of currency into its denominations</b> (sorting by coin weight G01G) [1,7]                                                                                                                                     | <b>Note</b>  |                                                                                                                                                                                                                                                          |
| 3/02        | . Sorting by means of graded apertures                                                                                                                                                                                                              |              | Groups G07D 7/16 to G07D 7/20 take precedence over groups G07D 7/02 to G07D 7/14 [7]                                                                                                                                                                     |
| 3/04        | . . arranged on an inclined rail                                                                                                                                                                                                                    | 7/02         | . using electric means (G07D 7/04, G07D 7/06 take precedence) [7]                                                                                                                                                                                        |
| 3/06        | . . arranged along a circular path                                                                                                                                                                                                                  | 7/04         | . using magnetic means, e.g. detection of magnetic imprint [7]                                                                                                                                                                                           |
| 3/08        | . . arranged on a helix                                                                                                                                                                                                                             | 7/06         | . using wave or particle radiation [7]                                                                                                                                                                                                                   |
| 3/10        | . . provided by sieves arranged in series                                                                                                                                                                                                           | 7/08         | . . Acoustic waves [7]                                                                                                                                                                                                                                   |
| 3/12        | . Sorting by means of stepped deflectors                                                                                                                                                                                                            | 7/10         | . . Microwaves [7]                                                                                                                                                                                                                                       |
| 3/14        | . driven under control of coin-sensing elements                                                                                                                                                                                                     | 7/12         | . . Visible light, infra-red or ultra-violet radiation [7]                                                                                                                                                                                               |
| 3/16        | . combined with coin-counting apparatus                                                                                                                                                                                                             | 7/14         | . using chemical means [7]                                                                                                                                                                                                                               |
|             |                                                                                                                                                                                                                                                     | 7/16         | . Testing the dimensions [7]                                                                                                                                                                                                                             |
|             |                                                                                                                                                                                                                                                     | 7/18         | . Testing the stiffness [7]                                                                                                                                                                                                                              |
|             |                                                                                                                                                                                                                                                     | 7/20         | . Testing patterns thereon [7]                                                                                                                                                                                                                           |
| <b>5/00</b> | <b>Testing specially adapted to determine the identity or genuineness of coins, e.g. for segregating coins which are unacceptable or alien to a currency</b> (apparatus separating a mixed bulk of currency into its denominations G07D 3/00) [1,7] | <b>9/00</b>  | <b>Devices for facilitating the handling of coins, not provided for in groups G07D 1/00 to G07D 5/00, G07D 11/00 or G07D 13/00</b> (of paper currency B65H); <b>Devices for counting coins</b> (counting by weighing G01G; counting paper currency G06M) |
| <b>Note</b> | In groups G07D 5/02 to G07D 5/10, in the absence of an indication to the contrary, classification is made in the last appropriate place. [3]                                                                                                        | 9/02         | . Change trays                                                                                                                                                                                                                                           |
| 5/02        | . Testing the dimensions, e.g. thickness, diameter; Testing the deformation [3]                                                                                                                                                                     | 9/04         | . Hand- or motor-driven devices for counting coins (counting mechanisms in general G06M)                                                                                                                                                                 |
| 5/04        | . Testing the weight [3]                                                                                                                                                                                                                            | 9/06         | . Devices for stacking or otherwise arranging coins on a support, e.g. apertured plate for use in counting coins                                                                                                                                         |
| 5/06        | . Testing the hardness or elasticity [3]                                                                                                                                                                                                            |              |                                                                                                                                                                                                                                                          |
| 5/08        | . Testing the magnetic or electric properties [3]                                                                                                                                                                                                   | <b>11/00</b> | <b>Devices accepting coins or paper currencies, e.g. depositing machines</b> (coin-freed or like apparatus G07F, e.g. complete banking systems G07F 19/00) [5]                                                                                           |
| 5/10        | . Testing the rim, e.g. the milling of the rim [3]                                                                                                                                                                                                  | <b>13/00</b> | <b>Handling coins or paper currencies characterised by a combination of mechanisms not covered by a single one of groups G07D 1/00 to G07D 11/00</b> (handling coins or paper currencies in combination with coin-freed or like apparatus G07F) [5]      |
| <b>7/00</b> | <b>Testing paper currency, securities, bonds, or similar valuable papers for genuineness</b> (methods or arrangements for verifying the correctness of markings on a record carrier G06K 5/00) [2]                                                  |              |                                                                                                                                                                                                                                                          |

## G07F COIN-FREED OR LIKE APPARATUS (coin sorting G07D 3/00; coin testing G07D 5/00) [1,7]

### Notes

- (1) This subclass does not cover constructions or details of apparatus which includes, or is combined with, coin-actuated mechanisms but is not specially adapted or modified for use therewith. Such constructions or details are covered by the relevant subclass for the particular apparatus.
- (2) In this subclass, the following term is used with the meaning indicated:
  - “coins” covers also tokens or the like.

### Subclass Index

#### ARRANGEMENTS OR MECHANISMS IN GENERAL

Coin inlet; coin actuation; others..... 1/00; 5/00; 7/00

#### APPARATUS CHARACTERISED BY THE APPLICATION

Dispensing; metering; hiring..... 11/00, 13/00; 15/00; 17/00

COMPLETE BANKING SYSTEMS ..... 19/00

DETAILS NOT PECULIAR TO SPECIAL

KINDS OR TYPES OF APPARATUS..... 9/00

|             |                                                                                                                  |             |                                                            |
|-------------|------------------------------------------------------------------------------------------------------------------|-------------|------------------------------------------------------------|
| <b>1/00</b> | <b>Coin inlet arrangements; Coins specially adapted to operate coin-freed mechanisms</b> (coins in general A44C) | 1/04        | . Coin chutes                                              |
| 1/02        | . Coin slots                                                                                                     | 1/06        | . Coins specially adapted to operate coin-freed mechanisms |
|             |                                                                                                                  | <b>5/00</b> | <b>Coin-actuated mechanisms; Interlocks</b>                |
|             |                                                                                                                  | 5/02        | . actuated mechanically by coins, e.g. by a single coin    |

- 5/04 . . . wherein two or more coins of the same denomination are required for each transaction
- 5/06 . . . wherein two or more coins of different denominations are required for each transaction
- 5/08 . . . wherein the use of two or more coins or an equivalent single coin is optional for each transaction; wherein the use of two or more coins or an alternative equivalent combination of coins is optional for each transaction
- 5/10 . . . actuated electrically by the coin, e.g. by a single coin
- 5/12 . . . wherein two or more coins of the same denomination are required for each transaction
- 5/14 . . . wherein two or more coins of different denominations are required for each transaction
- 5/16 . . . wherein the use of two or more coins or an equivalent single coin is optional for each transaction; wherein the use of two or more coins or an alternative equivalent combination of coins is optional for each transaction
- 5/18 . . . specially adapted for controlling several coin-freed apparatus from one place (interlocks G07F 5/26)
- 5/20 . . . specially adapted for registering coins as credit, e.g. mechanically actuated
- 5/22 . . . electrically actuated
- 5/24 . . . with change-giving (coin-changing mechanisms per se G07D)
- 5/26 . . . Interlocks, e.g. for locking the doors of compartments other than that to be used
- 7/00 Mechanisms actuated by objects other than coins to free or to actuate vending, hiring, coin or paper currency dispensing or refunding apparatus** (complete banking systems G07F 19/00; handling coins or paper currencies apart from coin-freed or like apparatus G07D) [2]
  - 7/02 . . . by keys or other credit registering devices (for producing a coded signal for use together with coded identity cards G07F 7/10) [2]
  - 7/04 . . . by paper currency
  - 7/06 . . . by returnable containers, e.g. bottles
  - 7/08 . . . by coded identity card or credit card [2]
  - 7/10 . . . together with a coded signal [2]
  - 7/12 . . . Card verification [5]
- 9/00 Details other than those peculiar to special kinds or types of apparatus** (coin inlet arrangements G07F 1/00; coin-actuated mechanisms, interlocks G07F 5/00)
  - 9/02 . . . Devices for alarm or indication, e.g. when empty; Advertising arrangements in coin-freed apparatus (alarms or warning devices indicating the interruption of flow to be metered G07F 15/10)
  - 9/04 . . . Means for returning surplus or unused coins
  - 9/06 . . . Coin boxes
  - 9/08 . . . Counting total of coins inserted
  - 9/10 . . . Casings, e.g. with means for heating or cooling
- 11/00 Coin-freed apparatus for dispensing, or the like, discrete articles**
  - 11/02 . . . from non-movable magazines
  - 11/04 . . . in which magazines the articles are stored one vertically above the other
  - 11/06 . . . supported individually on pivotally-mounted flaps or shelves
  - 11/08 . . . arranged in two columns in staggered relationship
  - 11/10 . . . two or more magazines having a common delivery chute
  - 11/12 . . . with means for automatically changing to reserve stacks
  - 11/14 . . . with means for raising the stack of articles to permit delivery of the topmost
  - 11/16 . . . Delivery means
  - 11/18 . . . Recessed drawers
  - 11/20 . . . Pushers actuated directly by hand
  - 11/22 . . . Pushers actuated indirectly by hand, e.g. through cranks or levers
  - 11/24 . . . Rotary or oscillatory members
  - 11/26 . . . Endless bands
  - 11/28 . . . in which the magazines are inclined
  - 11/30 . . . two or more magazines having independent delivery
  - 11/32 . . . two or more magazines having a common delivery chute
  - 11/34 . . . in which the magazines are of zig-zag form
  - 11/36 . . . in which the magazines are of helical or spiral form
  - 11/38 . . . in which the magazines are horizontal
  - 11/40 . . . the articles being delivered by hand-operated means
  - 11/42 . . . the articles being delivered by motor-driven means
  - 11/44 . . . in which magazines the articles are stored in bulk
  - 11/46 . . . from movable storage containers or supports
  - 11/48 . . . the storage containers or supports, e.g. magazine, being pivotally mounted (articles supported on pivotally-mounted flaps or shelves in magazines G07F 11/06)
  - 11/50 . . . the storage containers or supports being rotatably mounted
  - 11/52 . . . about horizontal axes
  - 11/54 . . . about vertical axes
  - 11/56 . . . the storage containers or supports both rotating and moving axially
  - 11/58 . . . the articles being supported on or by endless belts or like conveyers
  - 11/60 . . . the storage containers or supports being rectilinearly movable (endless belts or like conveyers G07F 11/58)
  - 11/62 . . . in which the articles are stored in compartments in fixed receptacles
  - 11/64 . . . in which the articles are individually suspended from stationary supports
  - 11/66 . . . in which the articles are dispensed by cutting from a mass
  - 11/68 . . . in which the articles are torn or severed from strips or sheets
  - 11/70 . . . in which the articles are formed in the apparatus from components, blanks, or material constituents
  - 11/72 . . . Auxiliary equipments, e.g. for lighting cigars, opening bottles
- 13/00 Coin-freed apparatus for controlling dispensing of fluids, semiliquids or granular material from reservoirs**
  - 13/02 . . . by volume
  - 13/04 . . . by weight
  - 13/06 . . . with selective dispensing of different fluids or materials or mixtures thereof
  - 13/08 . . . in the form of a spray
  - 13/10 . . . with associated dispensing of containers, e.g. cups or other articles (dispensing discrete articles per se G07F 11/00)

- 15/00 Coin-freed apparatus with meter-controlled dispensing of liquid, gas, or electricity** (tariff-metering apparatus in general G01D 4/00)
- 15/02 . in which the quantity mechanism is set forward by hand after insertion of a coin
  - 15/04 . in which the quantity mechanism is set forward automatically by the insertion of a coin
  - 15/06 . with means for prepaying basic charges, e.g. rent for meters
  - 15/08 . with means for varying the tariff or changing the price
  - 15/10 . with alarm or warning devices, e.g. indicating the interrupting of the supply
  - 15/12 . in which metering is on a time basis
- 17/00 Coin-freed apparatus for hiring articles; Coin-freed facilities or services** (picture juke-boxes G03B; prepayment telephone systems H04M 17/00)
- 17/02 . for optical devices, e.g. telescopes
  - 17/04 . for anthropometrical measurements such as weight, height, strength
  - 17/06 . for inflating-pumps
  - 17/08 . for seats or footstools
  - 17/10 . for means for safe-keeping of property, left temporarily, e.g. by fastening the property
  - 17/12 . . comprising lockable containers, e.g. for accepting clothes to be cleaned
  - 17/14 . for fastenings for doors (of containers for safe-keeping G07F 17/12); for turnstiles
  - 17/16 . for devices exhibiting advertisements, announcements, pictures, or the like
- 17/18 . for washing or drying persons
  - 17/20 . for washing or drying articles, e.g. clothes, motor cars
  - 17/22 . for cleaning and polishing boots or shoes
  - 17/24 . for parking meters (devices for checking parking time G07C 1/30)
  - 17/26 . for printing, stamping, franking, typing, or teleprinting apparatus (ticket printing or like apparatus G07F 17/42)
  - 17/28 . for radio apparatus (television subscription systems H04N 7/16)
  - 17/30 . for musical instruments (recording or playback apparatus G11B)
  - 17/32 . for games, toys, sports, or amusements
  - 17/34 . . depending on the stopping of moving members, e.g. "fruit" machines
  - 17/36 . . Age, character, or fortune telling apparatus
  - 17/38 . . Ball games; Shooting apparatus
  - 17/40 . for devices for accepting orders, advertisements, or the like
  - 17/42 . for ticket printing or like apparatus
- 19/00 Complete banking systems; Coded card-freed arrangements adapted for dispensing or receiving monies or the like and posting such transactions to existing accounts, e.g. automatic teller machines** (mechanisms in general actuated by objects other than coins G07F 7/00; data processing equipment for bank accounting G06Q 40/00; handling coins or paper currencies apart from coin-freed or like apparatus G07D) [5]
