

## SECTION B — PERFORMING OPERATIONS; TRANSPORTING

### B63 SHIPS OR OTHER WATERBORNE VESSELS; RELATED EQUIPMENT

#### B63J AUXILIARIES ON VESSELS

##### Note(s)

In this subclass, the following term is used with the meaning indicated:

- "auxiliaries" means only apparatus specially arranged for rendering vessels, in general, habitable or operative, in so far as such apparatus is not specifically provided for in another subclass of class B63.

- |                                                                                                                                                                                                                                  |                                                                                                                                     |
