Response to Invitation to Furnish Nucleotide and/or amino acid sequence listing

Sir:

This is in response to Invitation to Furnish Nucleotide and/or amino acid sequence listing mailed 04 June 2013.

Agent for Applicant tried to upload a text file of the sequence listing for the 50 sequences for this patent application upon filing the application but the e-filing system kept disallowing the file. Agent for applicant is trying again with this Response. Agent for applicant submits that the uploaded text file sequence listing does not go beyond the disclosure in the international application, as filed.

Respectfully submitted,
/Jeffrey B Oster/
Jeffrey B. Oster
