

DEFINITION FILE FOR CZ AUTHORITY FILE

This definition file relates to the following authority file: CZ_AF_20260216

Date of production

2026-02-16

Data coverage

Public documents from the IPO CZ from 1901-08-31 to 2026-02-11.

The CZ authority file lists all CZ patent and CZ utility model publications.

Coverage according to document type and kind-of-document code (see Part 7.3 of the WIPO Handbook for details on kind codes):

Type	Kind Code	Total
Application concerning an invention	A3	75.469
Patent specification	B6	309.800
Utility model	U1	39.158

Used options

- Application information is provided where available.
- Priority data included where available.
- Availability of abstract, description and claims of the publication in text-searchable format is provided

Remarks

Documents are placed in multiple files according to their publication date (one file per each year).

Documents for which a publication date was not available at the time of authority file creation were placed in the corresponding file according to their filling date.

Numbering formats

Kind A3 documents

Numbering format of document numbers for application and publication references of kind A3 documents is defined as: four-digit indication of the year of filing, a hyphen and an application number given by annual series, allotted in sequential order (e.g. 2009-378).

Kind B6 documents

Numbering format of document numbers for application references of kind B6 documents is defined as: four-digit indication of the year of filing, a hyphen and an application number given by annual series, allotted in sequential order (e.g. 2009-378). Application references of several older documents of kind B6 for which an original application number is not available have been assigned an artificial application number defined as: zero prefix, a hyphen and a document number of the corresponding patent specification (e.g. 0-8540).

Publication references of kind B6 documents is given by their document number allotted by continuous series (e.g. 301392).

Kind U1 documents

Numbering format of document numbers for application references of kind U1 documents is defined as: four-digit indication of the year of filing, a hyphen and an application number given by continuous series, allotted in sequential order (e.g. 2010-22961).

Publication references of kind U1 documents is given by their document number allotted by continuous series (e.g. 20852).

International priority document numbers are formatted according to the format used by the original issuing authority.

For further details on the numbering systems used by CZ office see the corresponding entries in Parts 7.2.6 and 7.2.7 of the WIPO Handbook.
