

Authority File Definition: Republic of Serbia (RS)

1. General Information

- **Publication Authority:** Intellectual Property Office of the Republic of Serbia (RS)
- **Date of Production:** 2026-03-03
- **Data Coverage:** RS documents published from 2006-10-27¹ to 2025-12-31
- **Contact Email:** zis@zis.gov.rs

2. Publication Kind Codes (WIPO ST.16)

KIND CODE	TYPE OF PUBLICATION	PUBLICATION LEVEL	FROM DATE	TO DATE	QTY
A	Patent Application	Published with search report	2006-10-27	2011-12-31	2,660
A1	Patent Application	Published with search report	2012-08-31	-	1,514
A2	Patent Application	Published without search report	2012-02-29	-	245
A3	Search Report	Separate publication of search report	2012-08-31	-	210
A8	Corrected Application	Republication of front page only	2025-08-29	-	2
A9	Corrected Application	Full reprint of the application	2025-05-30	-	2
B	Granted Patent	First publication of patent grant	2006-10-27	2014-12-31	3,984
B1	Granted Patent	First publication of patent grant	2015-02-27	-	14,033
B2	Amended Patent	Amended specification after opposition/limitation	2018-01-31	-	221
B8	Corrected Grant	Republication of front page of granted patent	2019-08-30	-	11
B9	Corrected Grant	Full reprint of the granted patent	2019-06-28	-	83
U	Petty Patent	Publication of registered utility model	2006-10-27	2014-12-31	597
U1	Petty Patent	Publication of registered petty patent	2015-02-27	-	464
U2	Petty Patent	Publication of registered and examined petty patent (second publication)	2023-05-31	-	1
					24,027

¹ All documents published before this date form part the YU collection maintained by IPO RS, as the Republic of Serbia is the legal successor to the former Yugoslavia.

3. Numbering Formats

The publication number displayed in the authority file depends on the document type:

- **A Documents (Applications):** The publication number is the **Application Number**.
- **B and U Documents (Grants/Registrations):** The publication number is the **Registration Number**.

Application Number Formats (A-Documents)

- **Before 2005:** P-nnnn-yy
 - *Example:* P-452-03 (452nd application of 2003).
 - *Rule:* Sequence nnnn contains no leading zeros.
- **After 2005:** P-yyyy-nnnn
 - *Example:* P-2012-0045 (45th application of 2012).
 - *Rule:* 4-digit year followed by a 4-digit sequence with leading zeros.

Registration Number Formats (B and U Documents)

- **Format:** Continuous sequence starting from 49501 for the B publications and from 803 for U publications. Numbers less than mentioned are in YU publication collection.
 - **Rule:** The sequence is strictly incremental without discontinuation or restarts, regardless of the year of the registration.
-
